**1925 Christmas List**

# BARNARD'S Wholesale List of Christmas Decorations for 1925

The sale of Christmas Decorations is a special business in itself. For many years The W. W. Barnard Company has been catering to florists and other dealers who demand the best. Our long experience in selecting trees, holly and other greens has kept us in touch with the best sources of supply, and our arrangements this year are particularly complete. Fresh shipments of Holly and greens will be coming in daily up to Christmas, and the greatest care is used in packing and shipping promptly, to assure you of fresh stock to reach you in good condition.

ALL PRICES SUBJECT TO MARKET FLUCTUATIONS.

## Christmas Trees

Again this season we have the same reliable cutter who has been cutting trees for Barnard's for many seasons. These come from the Wisconsin swamps where we get the choicest well-branched spruce trees—and an occasional balsam—of fine shape.

All of our trees are carefully selected for form, quality and appearance, and inspected by our agents before tying. They are graded and bundled so as to retain their natural beauty and shape.

Indications are that the supply will be short this season, so early ordering is advised.

## Holly

### Barnard's Holly Leads in Quality

Our Holly is the best that the season produces, packed by experienced men and shipped by fast freight. On arrival at Chicago the cases are opened and reinspected by men conversant with the requirements of the florist trade.

Our Holly comes from the finest Holly section in the foothills of Tennessee, dark green, glossy, prickly-leaved, and bright-berried.

This year, on account of unfavorable weather conditions earlier in the season, high grade Holly promises to be scarce, according to early reports from our cutters. Therefore, orders will be booked subject to stock being available.
